Agenda Item 5.1

Board of Education Informational Item
April 9, 2019

Topic:
Financial Report for Year to Date 2018-2019

Background:
Our ending general fund balance is $10,194,634.45, which compares favorably to last year for the same time-period by $2,186,291.81. Our total fund balances are $18,681,213.28 and are favorable to last year balance by $2,921,263.02.

Our working budget shows deficit spending for the year but does not take into consideration spending down our beginning balance or the bill back to the districts for Special Education. Unrestricted funds will increase by $929,970, which is an increase to the original budget due to receiving significant funds for Comprehensive Support and Improvement (CSI) work with our districts. We also expect to receive an increase to MAA funds as the Random Moments is producing an increase to funding that we did not anticipate.

Charter Schools currently are budgeted to deficient spend by $1,672,203. This is largely due to a decrease in ADA and the building of the new CTE facility.
