Cecilia A. Massetti, Ed.D.
Superintendent of Schools

5.2

BOARD OF EDUCATION ACTION ITEM

June 12, 2018

Topic:
Public hearing for the Local Control Accountability Plan (LCAP) for Madera County Independent Academy (MCIA)

Background:
The Local Control Accountability Plan (LCAP) is a required component of the Local Control Funding Formula (LCFF). It describes the goals and specific activities that the Madera County Independent Academy (MCIA) will put into action to educate all students and for certain identified subgroups of students. The LCAP must address the priorities as determined by the State Board of Education and indicate the funding needed to implement the activities. As required, the LCAP will be reviewed and revised each year. An important part of the LCAP is input from parents, students, staff, and community members. The public hearing is one step in this process in the development and implementation of the LCAP.

Financial Impact:
See attached LCAP budget pages

Resource:
James Sargent
Chief Career Technical and
Alternative Education Services Officer

Recommendation:
No action required at this time.
