Agenda Item 8.3

Board of Education Action Item
March 12, 2019

Topic:
Second Interim Report

Background:
The Second Interim Report shows an increase to the Unrestricted Balance of the General Fund of $929,970. This is an increase to the Original Budget of $388,713, primarily due to recording the Comprehensive Support and Improvement Funds (CSI) to work with our districts. Revenue shows a significant increase due to our construction projects for the new CTE building and building the new campus for Early Education Center. However, the revenue is offset by the actual building costs. Because we are recognizing the revenue for CSI, we have established a reserve category as the expenditures will largely occur in the following year.

Charter Schools currently are budgeted to deficient spend by $1,672,203. This is largely due to a decrease in ADA and the building of the new CTE facility.
