2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

I would like to welcome all of you to the 2022-23 school year. The last couple of years have taught us important lessons to help ensure all students have access to updated technology to continue to make academic progress. We continue to work collaboratively with correctional staff to provide greater access to technology devices and programs for academic support and additional programs and resources to support students' social-emotional needs. We value all of our students and know this arrangement will lead to greater academic success in a safe learning environment. I want you to know that the entire educational staff has worked hard and collaboratively with Juvenile Probation staff to prepare for this school year to continue supporting each student's progress toward high school graduation.

We will provide challenging curriculum and opportunities to learn in groups and individually, while ensuring that all students receive educational supports required to make academic progress and meet proficiency. We encourage all of you, students and parents, to communicate with us any ideas you have to make Endeavor/Voyager a better school. Field trips and other school activities will extend learning beyond the classroom, and hope to provide more of these rewarding opportunities. In addition, we invite parents to join formal committees, such as SSC, ELAC and DELAC, since your input is valuable and contributes to the best learning opportunities for your child.

While your child is with us, we will provide challenging, thought provoking learning opportunities to prepare them for success in other educational settings. If there is anything we can do to support your child's academic success, please let us know.

Students are only placed into these programs by the Juvenile Court. A student's probation officer may make a recommendation to the court for any of these placements.

Endeavor Secondary School and Voyager Secondary School are the assigned school names for the Madera County Superintendent of Schools Juvenile Hall and Cadet Academy educational programs. They are both located in the same juvenile detention facility, but in separate pods of the building. While students do not interact with students in other pods during the school day, teachers rotate throughout the pods providing academic instruction.

Endeavor students are placed in Juvenile Hall by Madera County Probation, Law Enforcement, or the Juvenile Court judge. The average stay is 24 days, however, several students are often incarcerated for longer periods. Voyager is a Cadet Academy, and students are court ordered to attend. The average stay for cadets is six months. Both of these programs are fully

accredited by the Western Association of Schools and Colleges (WASC). In July 2016, the Alternative Education programs of the Madera County Superintendent of Schools were given a six-year term of accreditation with a three-year review occurring in April 2019, which also supported accreditation through the 2021-2022 school year. We anticipate another successful WASC visit, currently scheduled for Spring 2023, to showcase the great work by both students and staff. The school offers all core academic courses and assigns high school credits toward the completion of a high school diploma.

Regards,
Hugo Sánchez
Program Director

Mission Statement:

The mission of the Madera County Superintendent of Schools Alternative Education Programs is to provide a safe, positive learning environment that will encourage inclusion, promote life skills, provide career technical education, increase positive self-esteem, and prepare students for current and future educational and career success.

The vision of the Madera County Superintendent of Schools Programs is to provide engaging educational opportunities in a supportive environment that will promote lifelong learning and positive contributions to students' communities. SLO's (Student Learning Outcomes)

Be academically successful by:

1. Increasing the percentage of classes completed.
2. Improving performance in all subject areas through increased critical thinking.
3. Working toward obtaining a diploma or certificate of completion.

Demonstrate responsibility/accountability by:

1. Attending school on a regular basis.
2. Following school/classroom rules and expectations.
3. Being engaged in and connected to school.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Juvenile Hall facility is owned and maintained by Madera County. If there are any maintenance or cleaning concerns, educational staff notifies the Probation Department who assigns work orders. Items are fixed/resolved in a timely manner.

The Juvenile Hall classrooms for Endeavor/Voyager from Madera County Superintendent of Schools (MCSOS) are inspected for the safety and needed repairs on a consistent basis, no less than one time per year. MCSOS employees such as administration, instructional staff and operations/maintenance staff who have been trained in the Williams procedures participate in the inspection. Since the facility is primarily maintained by Madera County Probation Department, needed repairs are addressed in a timely manner. A process is in place where needed repairs are brought to the attention of operations/maintenance staff so that repair/replacements are completed in a timely manner. Classrooms are routinely cleaned and any deep cleaning occurs during extended school breaks.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	--	N/A	13	N/A	47
Mathematics (grades 3-8 and 11)	N/A	--	N/A	0	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

While there are few extracurricular activities for students in Juvenile Hall and Cadet Academy, parents are kept informed of their child's progress through their teachers, administration, academic counselors, probation officers, and through the mailing of various informational documents. Teachers communicate primarily through phone calls or parent/teacher/principal conferences (IEPs), but as an organization, has started using videoconferencing options to allow parents to participate and give feedback.

2022-23 Opportunities for Parental Involvement

Parents are invited to observe sports competitions held several times a year outside of the Juvenile Hall facility, along with poetry and essay contests Cadet Academy students participate in. Through the CAES Combined School Site Council (SSC), parents collaborate to approve the annual budget for Title I Part D funds and help develop the School Site Plan, LCAP and updating the Parental Involvement Plan. ParentSquare allows for individual communication between teachers and parents through emails and messaging options, as well as informing all parents of school and informational events. Furthermore, ParentSquare allows for communications to be translated into English and Spanish.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The Safe Schools Plan is updated annually. During the school year, meetings are scheduled to review the plan to ensure its continued appropriateness and to make any necessary changes based upon recommendations. Members include administrators, teachers, school nurses, maintenance and operations staff, and parents. Contents of the Safe Schools Plan include, but are not limited to, the following: safe school strategies and programs, disaster and emergency response procedures, threat assessment protocol, school discipline procedures including suspension and expulsion recommendations, procedures for safe ingress and egress from school. A survey is provided to staff members in the spring. The analysis of the results assists the committee in the development of new goals and activities to promote a safe school environment. Drills are conducted regularly to practice emergency responses. Specific training includes Run, Hide, Fight to prepare staff for the appropriate response in the unlikely event of an active shooter. Updates to the plan including new goals, objectives and activities are reviewed with instructional staff. Safe Schools Plans are maintained at the sites and are approved by the Madera County Board of Education annually at the October 11, 2022, meeting.

Professional Development

Madera County Superintendent of Schools (MCSOS) is committed to providing high quality professional development to its instructional staff including teachers, specialists, and instructional assistants. Eight full days were dedicated to professional development and instructional preparedness, and the remaining 8 days were the sum total of weekly professional development training conducted every Friday for 75 minutes. Specialists from MCSOS provided much of the professional development, which focused primarily on increasing student achievement in English Language Development to meet the needs of and Mathematics and English Learners. Another important component of professional development has teachers modeling research-based, effective instructional practices for the rest of the staff. Additionally, staff is encouraged to seek out professional development and conferences that address the most current research based instructional strategies especially for those students in alternative settings with low academic performance. For the 2022-23 school year, the LEA will partner with an outside educational agency to continue focusing on improved mathematics achievement.

This table displays the number of school days dedicated to staff development and continuous improvement.
