Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program
 The SPSA will continue to focus on providing opportunities for students to achieve at a high level

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The SPSA meets the ESSA requirements in alignment to the Local Control Accountability Plan (LCAP). The SPSA includes goals to improve pupil outcomes, evidence-based strategies, actions, or services, proposed expenditures, monitoring process, and parent involvement process. Endeavor/Voyager operate as part of Madera County Superintendent of Schools and funds through the Consolidated Application. The School Site Council reviews annual updates of the proposed expenditures of funds allocated to the school annually. The SPSA aligns with the school goals for improving student achievement.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Surveys not conducted due to COVID-19 school closures, affecting teacher access to students.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom formal observations conducted every two years and informal observations are ongoing. Teachers implementing professional development strategies provided to all teachers.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

CAASPP, ELPAC, i-Ready, and LAS Links data used to guide instruction and planning for professional development. In addition, results are used to reclassify English Learner students.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Reclassified English learners to be monitored four years after reclassification.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

Staff meets CDE requirements.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers received ongoing professional development on a weekly bases, providing networking opportunities with teachers from other alternative education schools.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Teachers used local assessments and data from state assessments to plan instruction for students using common core state standards.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

MCSOS provided professional development several times throughout the year, with an increase focus on improving academic proficiency in ELA. Additionally, teachers collaborated with other CAES teachers on designated and integrated ELD.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers from the facility collaborated several times a week, and also collaborated with other CAES teachers several times a month.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Teachers teach to the CCSS standards using a variety of curriculum. This year, focus on aligning the supplemental ELA ELD curriculum on the CCSS standards as well. All PD focus has included LCAP, WASC, SPSA and CCSS standards alignment.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Endeavor/Voyager provides instruction for youth in a detention facility, and instructional minutes are in alignment with California Education Code minimum for credit recovery and graduation.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

There are very few students in the program in grade 8, but teachers align the curriculum to meet the needs of students. The current program utilized is iReady; which includes a standards-based intervention program for students with identified sub-skill weaknesses

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Curriculum is being reviewed by the CAES Curriculum Committee and target focus areas supplemented with CCSS aligned curriculum. Next year's focus will be on StudySynch ELA / ELD roll-out.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Students have availability to standards-based instructional materials appropriate to their grade level. Curriculum is being reviewed by the CAES Curriculum Committee and target focus areas supplemented with CCSS aligned curriculum. Next year's focus will be on ELA / ELD.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Students are provided direct instruction with support from an instructional assistant. Students requiring additional services receive support from an RSP teacher assigned to the sight., outside of the Full Independent Studies (FIS) 1-hour appointment schedules that our Independent Studies model operates. Students are allowed and encouraged to stay longer than their scheduled appointments to ensure they receive the additional supports needed to meet standards.

Evidence-based educational practices to raise student achievement

- 1) All Professional Growth and Development is based on student achievement needs / and staff input based on evidenced-based practices.
- 2) All supplemental curriculum is reviewed by the CAES Curriculum committee (formed in 2019-20) for additional curriculum purchases.
- 3) Technology integration has been coupled with ongoing group and individual supports by content specialists.
- 4) Focus on continued student achievement has not been compromised by the COVID-19 closures of 2020.
- 5) Ongoing "best-practices" are shared and reviewed at CAES PLCs, based on data disaggregation.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Resources are made available with 4-5 annually scheduled Parent workshops provided by CAES Counseling Dept.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Meaningful involvement of parents, students, teachers, Juvenile Probation, Behavioral health, and other stakeholders is critical to the development of the SPSA. The SPSA involvement and review process aligns with the school's LCAP engagement plan. The purpose of engagement is to align the efforts of LCAP, LCAP Addendum, WASC and SPSA for a system-wide program to address the strengths and needs of the school. Established review processes included outreach to parents, classified and certificated staff, administration, and the community. LCAP stakeholder meetings contributed to the development of the SPSA, with parent representation from various MCSOS schools. In addition, the following groups and committees were a part of the review process and input gathering for the development of the SPSA:

- School Site Council
- English Learner Advisory Committee

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Categorical (Title 1 D) services provided for under-performing students include: Counseling, Teachers, Administrative support, Bilingual Services, ELD, Homeless support, supplies /equipment and software (Odysseyware, i-Ready, LAS Links.)

Fiscal support (EPC)

Fiscal support is provided by the Business Department from the Madera County Superintendent of Schools.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

LEA/LCAP Goal

Goal 1

All students will achieve higher levels of learning to prepare them to be college and career ready.

Identified Need

The LCFF Evaluation Rubrics, Dashboard Alternative School Status (DASS), became available in December 2018. Although there were not enough students assessed to collect data, academic indicators reveal that students are not meeting standard in ELA and Math, which leads to curriculum needing delivery with equal consistency and increased rigor utilizing up-to-date curriculum. Where possible, and with permission from the probation department, more project-based learning should be implemented as well as the use of technology for instructional purposes.

Although there was progress was made in serving English Learners, more work needs to be accomplished in this area specific to supporting those students to be reclassified Fluent English Proficient, providing ongoing monitoring of those students who have been reclassified, and using appropriate instructional strategies for identified English Learners. Online assessments have provided valuable data on EL students' proficiency in ELA and math.

A comprehensive professional development plan needs to be developed and implemented to ensure high quality and rigorous instruction. Areas of need already identified to be addressed in this professional development plan include research based instructional strategies for all student including English Learners, use of instructional technology, working with students with special needs, differentiated instruction, and mentoring/coaching new teachers.

Improved transition planning for those "long term commit" students is an additional area of need. Currently, there is little communication between the instructional staff at the correctional facilities and the schools of residence when students are preparing to be released from custody. One academic counselor meets with students regularly, contributing to transition plans easily understood by students and available to them upon release from custody. In addition, transition plans provide students a variety of educational options and an understanding of requirements for each district.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Overall, the articulated goal was achieved through implemented services. Professional development for certificated and classified employees focused on increasing student academic proficiency in ELA. Qualified certificated and classified staff nurtured, served, and guided students to be college and career ready, by creating opportunities for students to give back to the community and compete in academic competitions consisting of poetry and writing. Students were commended for their volunteer work with Wreaths Across America. Teachers and academic counselor provided regular updates to students to inform them of their academic progress toward completing graduation requirements.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

COVID-19 greatly affected the goal for the Spring 2020 semester, as opportunities beyond the classroom were cancelled for safety precautions. State and local assessments were discontinued, which will continue to affect students' opportunities to be Reclassified Fluent English Proficient. In addition, recent data will not be available for the coming year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

During the comprehensive needs assessment process, it was determined that no changes needed to be made to this goal.

The educational services provided by Madera County Superintendent of Schools will maintain a positive collaboration with the Deputy Chief Probation Officer of the Madera County Juvenile facility. Students in the correctional facility have low academic performance and lack positive school or community contacts in the comprehensive school settings. Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Overall, actions and services were implemented to achieve the articulated goal. Educational enrichment activities and field trips were provided for students in the correctional academy, which contributed to their emotional and physical well-being. A variety of support services around trauma, mental health, crisis intervention, and truancy reduction were provided to students. Collaboration with other agencies contributed greatly to achieving this goal. Restructuring by the corrections department resulted in more student suspensions initially, but eventually returned to normal.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Enrichment activities were provided for students; however, expenditures came in lower than expected. Existing employees provided most activities during their regular work hours, along with

volunteers from the community, resulting in lower costs. In addition, planned events for the spring semester were cancelled due to COVID-19 pandemic.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There were not any changes made, although plan is currently impacted by COVID-19 protocols for incarcerated youth and MCSOS.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Scott Ellingson	Principal
Donna Gilstrap	Classroom Teacher
Cheryl Clawson	Classroom Teacher
Corry Perez	Classroom Teacher
Betty Klein	Classroom Teacher
Maya Falcon	Other School Staff
Yolanda Lopez	Parent or Community Member
Jamie Snow	Parent or Community Member
Rebecca Douglas	Parent or Community Member
Alexia Romero	Secondary Student
Javier Garcia	Secondary Student
Emiliano Calderon	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:
